Fabiana Imbricata (E.)—White; free-flowering shrub, resembling a heath; 6ft. 2/6 each.

Felecia Angustifolia (E.)—Dwarf flowering shrub, with very pretty mauve flowers in Spring. 2/6 each.

Feijoa Sellowiana. — Beautiful shrub, dark green leaves; flowers crimson; edible fruit; very hardy. 2/6 and 3/6 each.

Ficus Australis (E.)—Very dark foliage; 5ft. 2/6 and 3/- each.

Forsythia Suspensa (D.)—Yellow flowers, freely produced; 8ft. 2/-.

Forsythia Viridissima (D.)—Early yellow flowers; 5ft. 1/6 and 2/-.

Fraxinus Americana (American Ash) (D.)—40ft. 2/6 each.

Fraxinus Excelsior (English Ash) (D.)—(See Forest Trees).

Fraxinus Excelsior Aurea (Golden-barked Ash) (D.)—Very handsome. 2/6 to 3/6 each.

Garrya Elliptica (E.)—An ornamental shrub, with pendulous green flowers. 2/6 each.

Genista Aetnensis.—A beautiful broom, weeping variety; rich yellow flowers. 2/6 each.

Genista Alba (White Broom) (E.)—Free flowering; 6ft. 2/- each.

Genista Andreana (Brown and Gold Broom) (E.)—6ft. 2/6 each.

Genista Dallimorei.—Flowers of rosy mauve deepening to crimson on the wings. A beautiful broom. 2/6 and 3/6 each.

Genista Dorothy Walpole.—It is the richest in colour of any broom yet seen. Rich velvety crimson wings with rose coloured standard. 2/6 and 3/6 each.

Genista Fragrans (Spanish Broom) (E.)—Large yellow flowers; 6ft. 2/- each.

Genista Gracilis (E.)—Small yellow flowers, produced in great profusion. 2/- each.

Genista Lady Moore.—The wings being a rich fiery red, the standards yellowish buff with rosy tinted reverse. 3/6 each.

Genista Lord Lambourne.—The wings are vivid scarlet crimson and the standard soft cream or primrose with a tint of rose on the reverse side. 2/6 and 3/6 each.

Genista Monosperma Pendula (Weeping Broom).—White. 2/- & 3/-

Goodia Lotifolia (E.)—An ornamental yellow flowering shrub; 6ft. 2/6 each.

Grevillea Dimorpha.—Flowers crimson. A very pretty shrub for small gardens. 2/6 each.

Grevillea Dallachiana (E.)—One of our best flowering shrubs; red and white; hardy. 2/6 each.

Grevillea Robusta (Silky Oak) (E.) — Beautiful fern-like leaves; orange flowers; 20ft. 2/6 each.

Guelder Rose.—(See Viburnum).

Gynerium Argentum (Pampas Grass).—6ft. to 10ft.; clump. 2/6.

Gynerium Roseum (Rose-coloured Pampas Grass).—Clump, 2/6 each.

Habrothamus Elegans (E.)—Carmine; ever-blooming. 2/6 each.

Halesia Tetraptera (Snowdrop Tree) (D.)—The tree produces a mass of beautiful snowdrop-like flowers; 8ft. 2/6 each.

Hibiscus Syriacus (D.)—Very hardy; single purple; 4ft. 2/6 each.

Hibiscus Sinensis Rosea (E.)—Scarlet; 4ft. 2/6 each.

Hibiscus.—In a number of varieties and colours. From 2/6 each.

Hydrangea (E.)—(See Special List).

Hypericum Moserianum (E.)—Yellow flowers. 2/6 each.

Ilex Aquifolium (English Holly) (E.)—10ft. 2/6 each.

Ilex Golden and Silver (E.)—Beautiful foliage; 10ft. 2/6 each.

Indigofera Decora (Indigo) (D.)—Free flowering; 3ft. 2/6 each.

Indigofera Geraldiana.—Pretty dwarf shrubs with pink pea shaped flowers. 2/6 each.

Jacaranda Mimosofolia (D.)—Beautiful blue flowers and fern-like foliage; tender; 20ft. 2/6 each.

Kalmia Latifolia (Calico Bush) (E.)—One of the most beautiful flowering shrubs in cultivation; 5ft. 3/6 to 7/6 each.

Kerria Japonica fl. pl. L.—Deciduous shrub, with yellow flowers; 3ft. 2/6 each.

Kolkwitzia Amabalis.—Beauty bush. 2/6 each.

Lasiandra Macrantha (E.)—Violet purple flowers; tender; 8ft. 2/6.

Lasiandra Edwardsii (E.) (New).—Rich purple flowers; 5ft. 3/6.

Lasiandra Macrantha Grandiflora (E.)—Most beautiful large blooms; deep purple; 5ft. high. 2/6 each.

Laurestinus.—(See Viburnum).

Laburnum Vulgare (English Laburnum) (D.)—Yellow flowers. 1/6.

Lagenaria Patersonii (E.)—Quick grower; pink tubular flowers; 18ft. 2/6 each.

Leonotus Leonorus (E.)—Orange scarlet flowers; 6ft. 1/6 each.

Leptospermum Roseum.—A pretty pale pink Manuka. 2/6 each.

Leptospermum Alba fl. pl.—A beautiful double white Manuka. 2/6.

Leptospermum Nichollsii (Manuka) (E.)—Crimson flowers; 6ft. 2/6.

Leucodendron Argenteum (Cape Silver Tree) (E.)—15ft. 2/6 each.

Lilac.—In variety. (See Syringa, Special List).

Liquidamber Styraciflua (D.)—Foliage in Autumn has the most brilliant colours, especially in cold climates; 30ft. 2/6 each.

Liriodendron Tulipifera (Tulip Tree) (D.)—Handsome foliage and large flowers of a yellowish red colour; 75ft. 2/6 each.

Ligustrum Japonicum Tricolour (E.) — Leaves variegated green, white and red; very pretty. 2/6 each.

Ligustrum Golden City (E.)—Gold-leaved variety; handsome shrub. 1/6 each.

Libonia Florabunda (E.)—Orange and red; free-flowering; 4ft. 2/6.

Lonicera Nitida (E.)—A good hardy little shrub, suitable for a small hedge; box-like foliage. 16/ each; for hedges, 25/- per 100

Luculia Gratissima (E.)—Bunches of soft pink scented flowers, produced in mid-Winter; must be planted in a sheltered position; 4ft. 2/6 to 3/6 each.

Magnolia Conspicua (D.)—Large, white-striped purple flowers. 2/6 and 3/6 each.

Magnolia Fuscata (Port Wine Magnolia) (E.)—A beautiful perfumed variety, making a fine shrub; 8ft. 3/6 each.

Magnolia Grandiflora (E.)—Broad-leaved evergreen shrub produces immense fragrant bowl-like flowers; 25ft. 3/6 each.

Magnolia Purpurea (D.)—Flowers deep purple; bushy habit; 8ft. 2/6 and 3/6 each.

Magnolia Stellata (D.)—White fragrant flowers; one of the best; hardy and easily grown; 6ft. 3/6 to 5/- each.

Magnolia Soulangeana (D.)—The common purple and white variety; very hardy; 20ft. 3/6 each.

Malus (Flowering Apples).—(See Special List).

Mountain Ash.—(See Pyrus Aucuparia).

Melaleuca Laterita (E.)—The Robin Red-breast Tea-tree of Western Australia; 6ft. 2/6 each.

Melia Azedarach (Queensland Maple) (D.)—Ornamental foliage; 40ft. 2/6 each.

Nandina Domestica (E.)—Very handsome foliage shrub; crimson and yellow; 6ft. 2/6 and 3/6 each.

Nerium Album (Oleander) (E.)—White; single; 8ft. 2/6 each.

Nerium Roseum (E.)—Fine rose-coloured blossoms; 8ft. 2/6 each.

Nerium Splendens (E.)—The crimson oleander; 8ft. 2/6 each.

Oaks.—In variety. (See Quercus).

Oleander.—(See Nerium).

Paulownia Imperialis (D.)—Flowers light purple; foliage large and handsome. One of the best shade trees; 20ft. 2/6 each.

Pepper Tree (Schinus Molle) (E.)—1/6 and 2/6 each.

Perovskia Atriplicifolia.—Spreading shrub with long spikes of pretty violet blue flowers. 1/6 each.

Philadelphus Grandiflora (Mock Orange) (D.) — White fragrant flowers. 2/6 each.

Phoenix Canariensis.—Palm; makes a splendid specimen plant. 5/-.

Photinia Glabra (E.)—White; 15ft. 2/6 each.

Photinia Serrulata (E.)—Shining leaves; white flowers; free-growing; 15ft. 2/6 each.

Plantanus Orientalis (Oriental Plane) (D.)—2/6 each.

Plumbago Capensis (E.)—Blue flowers; 5ft. 2/6 each.

Plumbago Capensis Alba (E.)—White flowers; 8ft. 2/6 each.

Pomegranate (D.)—Producing fruit of golden colour, tinged with red; 15ft. to 20ft. 2/6 each.

Pomegranate Punica Nana (D.)—A very pretty double variety, with orange-red flowers; dwarf compact habit. 2/6 each.

Pointsetta Pulcherrima.—Rich scarlet bracts in Winter; frosts. 2/6

Polygala Grandis (E.)—Purple Winter flowering shrub; hardy; 6ft. 2/6 each.

Polygala Oppositiflora (E.)—Flowers purple; 6ft. Known as the Purple Broom. 2/6 each.

Prostranthera Rotundifolia (Australian Mint Tree) (E.) — Purple flowering; 5ft. 2/6 each.

Protea Mundi.—Silvery white flowers. 2/6 each.

Protea Mellifera (Cape Honey Flower) (E.)—White flowers, tinted pink; 6ft. 2/6 each.

Protea Obtusifolia (E.)—Red flowers; an attractive variety; 8ft. 2/6

Protea Pulchella (E.)—Red flowers. 2/6 each.

Protea Susanne (E.)—Red flowers; a very fine variety; 6ft. 2/6 ea.

Prunus Moserii (D.)—Double rose-coloured flowers; foliage purple. 2/6 each.

Prunus Mume (D.)—Double pink; comes into flower just after mid-Winter; perfectly hardy; 8ft. 2/6 each.

Prunus Pissardi Nigra (Cooper Prune) (D.)—Very dark foliage; 8ft. 2/6 each.

Prunus Pissardi (Purple-leaved Plum) (D.) — Resembling Copper Beech; 15ft. 2/6 each.

Prunus Pissardi Moserii fl. pl. (D.)—Bronze foliage; striking double rose flowers; 8ft. 2/6 each.

Prunus Sinensis Alba Plena (D.)—Double white-flowering plum; 4ft. 2/6 each.

Prunus Rosea Plena (D.)—Double red-flowering plum; 4ft. 2/6 ea.

Prunus Triloba Flore Plena (D.)—Large double pink flowers; 4ft. 2/6

Prunus Vesuvius (D.)—Leaves a beautiful metallic crimson colour. 2/6 each.

Pyrus Aucuparia Golden (Golden Mountain Ash).—Beautiful golden-coloured leaves, with bright red berries. 2/6 each.

Pyrus Aucuparia Discolor.—Fine-cut foliage with bright foliage and red berries in the Autumn. 2/6 each.

Pyrus Aucuparia (Mountain Ash, Rowan Tree) (D.)—Bright scarlet berries and beautiful coloured leaves in the Autumn; 15ft. to 20ft. 2/6 each.

Pyrus Japonica (D.)—Commonly known as Japonica or Cydonia. 2/6.

Quercus Coccinea (Scarlet Oak) (D.)—Leaves brilliant scarlet; 40ft. 3/6 each.

Quercus Ilex (Evergreen Oak) (E.)—Hardy evergreen variety; ornamental. 2/6 each.

Quercus Palustris (Pin Oak) (D.)—The foliage is scarlet and yellow in the Autumn. 3/6 each.

Quercus Robus (English Oak) (D.)—1/6 and 2/6 each.

Quercus Rubra (Red Oak) (D.)—The leaves are large and bright green; purplish-scarlet in the Autumn. 3/6 each.

Rhododendron (E.)—Finest named hybrids. (See Special List).

Rhus Cotinus (Smoke Tree) (D.)—Leaves turn crimson in Autumn; 6ft. 2/6 each.

Rhus Cotinus Atropurpureus (Smoke Tree). — Leaves and flowers tinged purple; 8ft. 3/6 each.

Rhus Succedanea (Chinese Wax Tree) (D.) — The leaves turn a beautiful red and pink in the Autumn and hold on the tree until July; 8ft. 2/6 each.

Ribes Sanguineum (Flowering Currant) (D.)—Pretty pink flowers; 6ft. 1/6 each.

Romneya Trichocalyx (D.)—Californian Tree Poppy; very free flowering; 6ft. 2/6 each.

Schinus Molle (Pepper Tree) (E.)—Coral pink berries; 10ft. 1/6 & 2/6

Silver Tree.—(See Leucodendron).

Solanum Capricastrum (E.)—Scarlet berries the size of a hazel nut; 2ft. 2/6 each.

Spiraea Anthony Waterer (D.)—Coloured Spiraea; 2ft. 2/6 each.

Spiraea John Waterer (D.)—A very fine red flowering variety. 2/6.

Spiraea Grandiflora (Snowbush) (D.)—(See Exochorda Grandiflora). 2/6 each.

Spiraea Thunbergii (D.)—A spring-flowering shrub of great beauty, with masses of pure white flowers. 2/6 each.

Sutherlandia Frutescens (Duck Plant) (E.)—A small shrub, producing masses of red flowers; 3ft. 2/6 each.

Sophora Japonica (D.)—Good foliage; rapid grower; sweet-scented flowers. 2/6 each.

Spartium Junceum. — Deciduous shrub; fragrant yellow flowers. 1/6 and 2/6 each.

Stercules Acerifolia (Flame Tree) (E.)—Flowers scarlet. 2/6 each.

Sterculea Diversifolia (Kurrajong) (E.)—Flowers brilliant red. 2/6.

Sycamore (D.)—(See Acer). 30ft. 2/6 each.

Symphoricarpus Racemosa (The Snowberry Tree) (D.) — White berries; 4ft. 2/6 each.

Symphoricarpus Vulgaris (D.)—Red berries; 4ft. 2/6 each.

Syringa (Lilac).—(See Special List).

Swainsonia Alba (E.)—Pure white pea-shaped flowers; 3ft. 2/- ea.

Swainsonia Rosea (E.)—Beautiful large pink flowers; 3ft. 2/- each.

Tamarix Elegans Plumosa (Tamarisk) (D.)—Flowering Cypress; 6ft. 2/6 each.

Tamarix Tetandra Purpurea. — Dark reddish foliage; deep pink flowers. 2/6 each.

Telopea Speciosissima (Waratah) (E.)—Flowers brilliant crimson; 6ft to 8ft. 3/6 each.

Telopia Truncata Waratah (Tasmanian) (E.)—Bright crimson. 3/6.

Tilia Europea (The English Lime Tree) (E.)—50ft. 1/6 and 2/6 ea.

Ulmus Campestris (Elm) (D.)—The well-known English tree; 30ft. 2/6 each.

Ulmus Suberosa (Cork Elm) (D.)—50ft. 2/6 each.

Ulmus Pendula (Weeping Elm) (D.)—The Weeping Elm is much esteemed for lawns. 15/- to 30/- each.

Viburnum Carlesii (D.)—Sweetly scented, rosy white flowers very early in the Spring. 3/6 each.

Viburnum Dilatatum (D.)—Another new variety from Japan; 5ft. 2/6 each.

Viburnum Odoratissimum.—Flowers white and fragrant. 2/6 each.

Viburnum Opulus (The Guelder Rose or Snowball Tree) (D.)—8ft. 2/6 each.

Viburnum Sieboldi (E.)—White flowers; red berries; very ornamental; 6ft. 2/6 and 3/6 each.

Viburnum Tomentosum (E.)—Large heads of white flowers; 6ft. 2/6.

Viburnum Sandankwa (E.)—Pretty white flowers blooming freely; 4ft. 2/6 each.

Viburnum Lantana Versicolor.—A handsome variety, with leaves clear yellow in the Spring, golden yellow in Summer and of wonderful shade in the Autumn, being a mixture of yellow, green, orange and violaceous red. 3/6 each.

Viburnum Plicatum.—Flowers pure white in round clusters. 2/6 ea.

Viburnum Wrightii.—Noted for its brilliatn autumn tints; a beautiful shrub. 2/6 each.

Veronica.—(See Native Trees).

Weigelia Eva Rathke (D.)—Flowers abundantly of a crimson red colour. 2/6 each.

Weigelia Rosea (D.)—Rose flowers, known as the Apple Blossom; 8ft. 2/6 each.

Conifers, or Cone-bearing Trees & Shrubs

CYPRUS, CEDAR, PINE, ETC.

Abies Douglasii (Douglas Fir).—2/6 each.

Abies Menziesi (Menzie's Fir).—2/6 each.

Abies Excelsa (Norway Spruce).—1/6 to 2/6 each.

Abies Nordmanniana (Crimean Pine).—2/6 each.

Abies Pinsapo (Spanish Silver Fir).—2/6 each.

Araucaria Bidwilli (Bunya Bunya).—80ft. 3/6 to 5/- each.

Araucaria Excelsa (Norfolk Island Pine).—2/6 and 3/6 each.

Araucaria Imbricata (The Monkey Puzzle).—3/6 to 7/6 each.

Cedrus Atlantica.—An erect tree; foliage silvery and very ornamental; North America. 3/6 each.

Cedrus Deodara (Indian Cedar). — Hardy, stands heat, cold or drought. 2/6 and 3/6 each.

Cedrus Libani (Cedar of Lebanon).—Mount Lebanon. 3/6 each.

Callitris Triquetra (Sugar-loaf Tree).—Good for lawns. 3/6 each.

Cryptomeria Elegans (Japanese Cedar).—The foliage is bright green in Summer, turning reddish-brown in Winter. 2/6 each.

Cryptomeria Elegans Plumosa.—Beautiful soft downy foliage; turns brown in Winter. 2/6 and 3/6 each.

Cryptomeria Japonica.—One of the finest evergreens of Japan. 2/6.

Cupressus Funebris (China).—2/6 each.

Cupressus Conibera Aurea. — New. A beautiful weeping golden cupressus. 5/- each.

Cupressus Lawsoniana Argentea.—Silvery green foliage. 2/6 each.

Cupressus Lawsoniana (Blue Jacket) (E.)—Glaucous graceful foliage; 10ft. 3/6 each.

Cupressus Lawsoniana Lutea.—Fine golden yellow foliage. 3/6 ea.

Cupressus Lawsoniana Erecta Viridis.—Bright silvery green; pyramidal variety of dense habit. 3/6 each.

Cupressus Sempervirens Horizontalis. — Italian Roman Cypress. 1/6 and 2/6 each.

Cupressus Sempervirens Stricta (Upright Cypress)—Much used for cemetery planting. 2/6 each.

Cupressus Torulosa.—An elegant and compact growing tree. 2/6 ea.

Cupressus Macrocarpa.—1 year, 10/- per 100; 2 years, transplanted, 25/- per 100; single plant (balled), extra strong, 6d. to 1/- each.

Juniperus Hibernicus (Irish Juniper).—3/6 each.

Juniperus Rigida (Juniper).—A very ornamental variety, suitable for growing on or about lawns. 3/6 each.

Juniperus Virgiana (Red Cedar Juniper).—3/6 each.

Larix Europea (Common Larch) (D.)—1/6 to 2/6 each.

Pinus Canariensis (Canary Islands Pine).—Blue-green foliage. 1/6 to 2/6 each.

Pinus Insignis.—The most rapid grower of all the pines. 1 year, 10/- per 100, 50/- per 1000; 2 years, 20/- per 100, 150/- per 1000

Pinus Muricata (Bishop's Pine).—It stands well in exposed situations. Two years transplanted, 20/- per 100; 6d. to 1/- each.

Retinospora Ericoides. — Brown-red foliage; known as Heathlike Retinospora. 2/6 each.

Retinospora Filifera.—Weeping, thread-like foliage. 2/6 each.

Retinospora Leptoclada.—The slender branched Retinospora, with blue-green foliage. A beautiful tree. 8 feet. 2/6 each.

Retinospora Obtusa (Japanese Cypress).—3/6 each.

Retinospora Obtusa Crippsii Aurea.—A magnificent golden colour. 5/- each

Retinospora Plumosa Aurea (Golden Feathery Retinospora).—2/6 ea.

Retinospora Plumosa.—Brown-green; very hardy. 2/6 each.

Retinospora Sieboldti.—Turns a nice golden colour in the Autumn. 2/6 each.

Retinospora Squarrosa.—Blue-green downp foliage. 2/6 each.

Salisburia Adiantifolia (Maidenhair Tree) —2/6 each.

Sequoia Sempervirens (Californian Redwood).—A noble-growing tree. 2/- each.

Taxodium Distichum (Deciduous Cypress) (D.)—Beautiful foliage, will grow in water; a good timber tree. 3/6 each.

Taxus Baccata (Old English Yew).—2/6 each.

Taxus Baccata Fastigiata (Irish Yew).—2/6 each.

Taxus Baccata Fastigiata Aurea (Golden Irish Yew).—2/6 each.

Thuja Gigantea.—A tall cone-like tree, with branches to the base, where it has space. 2/6 each.

Thujopsis Dolobrata.—Slow growth; admirably adapted for small gardens. 3/6 each.

Wellingtonia Gigantea.—The popular Mammoth Tree of California. 3/6 each.

N.Z. Native Trees & Shrubs

Agathis Australis.—Kauri. 3/6 each.

Alectryon Excelsum.—Titoko. 1/6 to 2/6 each.

Aristotelia Racemosa.—Makomako; 20ft. 1/6 to 2/6 each.

Arundo Conspicua.—Toi Toi; 8ft. 2/- each.

Astelia Cunninghami.—4ft. 2/6 each.

Brachyglottis Repanda.—Pukapuka. 2/6 each.

Brachyglottis Rangiora.—Similar to above. 2/6 each.

Brachyglottis Atropurpurea.—Bronze-leaved Rangiora. 3/6 each.

Carpodetus Serratus.—Putaputawheta. New Zealand May. 2/6 ea.

Clematis Indivisa.—Pikiarero. 2/6 each.

Clianthus Puniceus.—Kowhai-ngutu-kaka Ka Ka Bill. 1/6 and 2/6

Clianthus Alba.—Similar to above. Flowers white 1/6 and 2/6 ea.

Corynocarpus Laevigata.—Karaka; 40ft. 1/6 and 2/6 each.

Coprosma Lucida.—Karamu. 2/- each.

Coprosma Baueri.—Taupata. 1/6 each.

Cordyline Australis.—Ti Kauka. 1/6 each; 15/- dozen.

Cordyline Banksii.—Te Ngahere. 2/6 each.

Cordyline Indivisa.—Toii. 2/6 each.

Cyathea Medullaris.—Punga, or Black Tree Fern. 3/6 each.

Dodonaea Viscosa.—Ake Ake. 2/- each.
Dacrydium Cupressinum.—Rimu; 70ft. 2/6 each.
Dicksonii Fibrosa.—Narrow-leaved Silver Tree Fern. 3/6 each.
Dicksonii Squarrosa.—Silver Tree Fern. 3/6 each.
Drimys Colorado. —Horopito; 7ft. Pepper Tree. 2/6 each.
Drimys Axillaris.—Larger growing variety; attractive foliage. 2/6.
Elaeocarpus Dentatus.—Hinau. 2/6 each.
Entelea Arborescens.—Whau. 2/6 each.
Eugenia.—Maire. 2/6 each.
Fuschia Excorticata.—Kotukutuku. Native Fuschia; Konini. 2/6.
Fagus Cliffordioides.—N.Z. Beech. 2/6 each.
Fagus Menziesii.—N.Z. Beech. 2/6 each.
Fagus Solonderii.—N.Z. Beech. 2/6 each.
Fagus Fusca.—N.Z. Beech. 1/6 and 2/6 each.
Griselinia Lucida.—Puka. 2/6 each.
Griselinia Littoralis.—2/6 each.
Griselinia Littoralis Varigata.—2/6 each.
Hoheria Populnea.—Houhere; 15ft.; Ribbonwood. 1/6 & 2/6 each; 15/- per dozen.
Hoheria Macrophylla.—12ft. 1/6 and 2/6 each.
Knighta Excelsa.—Rewarewa; 60ft. New Zealand Honeysuckle. 2/6
Leptospurmum Scoparium.—Manuka. 2/6 each.
Leptospurmum Nichollii.—The crimson Manuka. 2/6 each
Libertia Ixioidies.—Tukauki; 15 inches. A fine little grass-like plant; white flowers. 1/6 each.
Librocedrus Bidwillii.—Pahautea; 20ft. 3/6 each.
Melicope Ternata.—Wharangi. 2/6 each.
Meryta Sinclarii.—Puka. 2/6 each.
Metrosideros Lucida.—Rata. 2/6 each.
Metrosideros Tomentosa.—Pohutukawa. 2/6 each; 24/- dozen.
Myosotidium Nobile.—"The Chatham Island Lily." 2/6 each.
Myrsine Urvellei.—Mapaw. 2/6 each.
Myrtus Bullata.—Ramarama. Native Myrtle. 2/6 each.
Myoporum Laetum.—Ngaio. 1/6 each; 15/- dozen.
Nesodaphne Tawa.—Tawa. 2/6 each.
Olearia Traversii.—Silver Ake Ake. 1/6 each
Olearia Macrodonta.—10ft. 1/6 each.
Olearia Illicifolia.—10ft. 1/6 each.
Olearia Forsterii.—Golden Ake Ake. 1/6 each; 25/- per 100.
Olearia Fosterii Robusta.—1/6 each.
Olearia Solandri.—1/6 each.
Panax Arboreum.—Whauwhau-paku. 2/6 each.
Passiflora Tetandra.—Kohai. The New Zealand Passion Flower. 2/6
Phormium Tenax.—Harakeke. The well-known flax. 1/6 each.
Phormium Tenax Purpurea.—2/6 each.
Phormium Tenax Varigata.—2/6 each.
Phyllocladus Trichomanoides.—Tanekaka. 2/6 each.
Pittosporum Nigrescens (E.)—1/6 each; 30/- per 100.
Pittosporum Nigrescens Variegata.—2/6 each.

Pittosporum Tenuifolium.—Tawhawhai; commonly called Matipo. 1/6
Pittosporum Buchanani.—1/6 each.
Pittosporum Ralphii.—1/6 each.
Pittosporum Crassifolium.—1/6 each.
Pittosporum Eugeniodes.—Tarata. 1/6 each; 30/- per 100.
Podocarpus Totara.—Totara. 1/6 each.
Podocarpus Ferrugineus.—Miro. 2/6 each.
Podocarpus Spicatus.—Matai. Black Pine. 2/6 each.
Podocarpus Dacrydioides.—Kahikatea. White Pine. 2/6 each.
Pomaderris Apetala.—Tauhi. 2/6 each.
Pomaderris Elliptica.—Kumarahou. 2/6 each.
Pseudopanax Crassifolium.—Horoeka. Lancewood. 2/6 each.
Senecio Greyii.—1/6 each.
Sophora Tetraptera.—Kowhai. 1/6 and 2/6 each.
Sophora Grandiflora.—2/6 each.
Vitex Lucens.—Puriri. A handsome tree. 2/6 each.
Veronica.—In variety. 1/6 each.

Hedge and Shelter Trees

Abelia Florabunda.—Ornamental hardy flowering hedge. 35/- 100.
African Boxthorn.—7/6 per 100; 45/- per 1000.
Berberis (Common Barberry).—1 year, 30/- per 1000; 2 years, 50/- per 1000.
Box Edging.—12/6 per 100.
Coprossma Baueriana (Taupata).—Hardy native plant; bright shiny leaves; grows near the sea 35/- per 100.
Cupressus Lawsoniana (E.)—The best and most permanent of hedge plants. Strong 2 year, 25/- per 100; £10 per 1000.
Cupressus Macrocarpa.—1 year, 7/6 per 100; strong 2 year, transplanted, 25/- per 100, in boxes 20/- per 100.
Eleagnus Japonica.—Strong 1 year, 20/- per 100; 2 year, 25/- per 100
Escallonia Exoniensis (E.)—Small white flowers; very quick; makes the best narrow hedges for small gardens. 1 year, 20/- per 100; 2 year, 25/- per 100.
Escallonia Macrantha (E.) — Red flowers; glossy scented green leaves; very hardy. 1 year, 20/- per 100; 2 year, 25/- per 100.
Laurel (Common).—1 year, 20/- per 100; 2 year, extra strong, 25/- per 100.
Lonicera Nitida (E.)—A good hardy plant, suitable for small hedge; box-like growth. 20/- per 100.
Ligustrum Japonicum (Japanese Privet).—25/- per 100.
Ligustrum Chinensis (Chinese Privet).—Of rapid growth; beautiful evergreen hedge. 20/- to 25/- per 100.
Olearia Fosteri (Ake Ake, Common)—Extra strong. 25/- per 100.
Piattosporum (Matipo).
Pittosporum Buchanani.—Makes a good ornamental hedge. 35/- 100.
Pittosporum Eugenoides.—Golden leaves. 2-year, transplanted, 35/-
Pittosporum Nigrescens.—Silvery green foliage. 2-year, transplanted, 35/- per 100.
Tecoma Capensis.—Evergreen hedge; unsuitable for districts subject to severe frosts. 40/- to 50/-per 100.
Tree Lucerne. (E). — The best temporay hedge plant; very quick; will grow 5ft. in one year. From pots, 12/- per doz.; 45/- per 100.

Timber and Forest Trees

E.—Evergreen. D.—Deciduous

New Varieties 2/- each.

Novelty Roses
--1933--
5/- Each

AUREATE (H.T.)—Bright orange cadmium, heavily shaded rosy-sarlet, developing to unfading sunflower yellow washed orange scarlet.

COMTESSE VANDAL (H.T.)—The colour of the bud is reddish opper with reddish golden bronze which lightens as the buds develop, the bud is long and pointed shaded buff. The flower is full with a high centre.

CLIMBINC SHOT SILK.—This wonderful new climber is identical with the bush Rose of this name, being bright cherry cerise, flushed rose, with yellow base. Very fragrant.

EDITOR MACFARLAND (H.T.)—Erect vigorous growth, buds very long, flowers large, beautiful form. Colour bright rose shaded salmon and capucine red.

CIPSY LASS (H.T.)—Rich scarlet crimson, with blackish shading. Very free blooming and perpetual, true rose perfume.

MADAME RAYMOND CAUJARD (OLYMPIAD) (Pernt.)—This is a variety of exceptional merit in its habit of growth, beauty of flower and richness of colour. The bud is very long and pointed. The colour is absolutely unique a lustrous dark orient scarlet, with a bright golden base.

MRS. T. B. DOXFORD (H.T.)—The reverse of the bud and young flower is od rose, heavily marked strawberry red, inside salmon carmine with yellow base, evolving to a beautiful peach blossom shading in the full developed blooms.

SIR HENRY SEAGRAVE (H.T.)—Primrose yellow with chrome base, the colour intensifies with age. Its value is undoubted for either garden or exhibition purposes.

NEW ROSES

3/- Each.

Trigo (H.T.)—Bright Indian yellow with deep buttercup base, reverse apricot washed cerise; long pointed buds; decorative and exhibition rose.

Coral (H.T.)—Bright coral with buttercup base, developing tosalmon shrimp, shaded yellow towards the base; bud long pointed; vigorous grower; sweet fragrance.

Eileen Dorothea (H.T.)—Bright crimson red shaded deeper crimson at the edges with pronounced yellow base which gives an added brilliance; free blooming; rich fragrance; decorative rose.

Attraction (H.T.)—The most vivid colour of its class, intense bright, unfading yellow cadmium with a shading of orange. The tips of the buds and young flowers are touched with carmine, very free and continuous bloomer.

ROSES

We have considerably reduced our list of Roses this year, only growing those varieties we can specially recommend. Garden Cultivation, Bedding, for cutting or Exhibition. Practically all varieties Catalogued are suited for General

Tip Top (Poly.)—Golden yellow, tipped with cerise; lovely miniature buds and blooms of perfect form and finish.

ROSE FERTILIZER

SPECIALLY PREPARED FOR STIMULATING THE GROWTH OF THE PLANTS AND ADDING COLOUR AND SUBSTANCE TO THE BLOOMS.

This manure has been largely used in our Nurseries for many years.

—DIRECTIONS FOR USE—

These plants are gross feeders and should have at least three dressings during the growing season if the best results are to be obtained. The first dressing should be given early in spring, just as the plants are starting into growth, a second dressing after the flower buds have begun to form, and a third dressing when the season is half over. 4 ounces of Manure to every tree is a fairly liberal dressing. This should be spread round the base of the plant and hoed in.

PRICE: 7 lbs., 2/-. 14 lbs., 3/3. 28 lbs., 5/6. 56 lbs., 10/-.

Novelty Flower Seeds and Bedding Plants

The following are the Latest Introductions, we can confidently recommend.
